

Hamilton-Wenham Regional School district
SUMMER CURRICULUM WORKSHOP PROPOSAL: 2009
Deadline for submission: June 12, 2009

This summer staff may participate in 3 very specific curriculum workshops aligned with the district's mapping initiative and implementation of the elementary mathematics program and the review of the middle school math program. Additionally staff will have the opportunity to map discipline specific curriculum using the TechPaths program.

All participants are required to attend an orientation/introduction meeting as noted below.

Interested staff should complete this form and return to Maryellen Duffy Ed D., Director of Educational Services by June 12, 2009
