Dear Miles River Families,

Please complete the form below to indicate your preference for world language study. Students will continue their 7th grade world language study through 8th grade.

Should the number of requests for a particular language exceed the number of spaces available, a lottery system will be used to select students for that class. We will be offering two sections of 7th grade Mandarin and four sections of 7th grade Spanish for the 2017-2018 school year.

Preference forms are due to the Miles River office by 3:00 on Friday May 19th. If a preference form is not returned, the student's language selection will be determined by the administration.
